- (5) For employers affiliated to the Multisector service for health at work.
- (6) As from 1 January 2019 the accident insurance contribution rate is multiplied for each insured person by a bonus-malus factor which is calculated on the basis of the contributor's work-related accident allowances.

### III. Family allowances

The below table summarises the family allowances applicable as of 1 August 2016, following to the law of 23 July 2016 which reformed the family allowances.

The new system applies to children born as from 1 August 2016 and having their actual permanent residence or legal domicile in Luxembourg or who have one parent who began to work in Luxembourg as from 1 August 2016. Households with at least two children on 1 August 2016 remain subject to the old system of family allowances. Households having one child at this date transit to the new system. Concerning the school year allowance, the difference in the amount according to the number of children being part of the household has been removed.

According to the law dated 19 December 2014, the education allowance and the maternity allowance have been abolished as of 1 June 2015. Those benefiting from the education allowance before 1 June 2015 are still entitled to this allowance until the end of their rights.

As from 1 December 2016, a real replacement income disbursed during the parental leave replaces the former lump-sum allowance. This income is calculated on basis of the average monthly professional income of the 12 months before the beginning of the parental leave.

For the parents who have already started their parental leave on 1 December 2016, the previous provisions continue to apply. Parents who have not started their leave on 1 December 2016 can, under the condition to address a new request to the “Caisse pour l’avenir des enfants” (“CAE”), be submitted to the new provisions.
